SBIC

Sungbo Industrial Co.,Ltd.
<http://www.sbic.co.kr>

We are ready to go!

Founded in October 1975 for more than two decades, Sungbo Industrial Co., Ltd.(SBIC) has been accumulating expertise in the manufacture of machinery, Parts and Cast steel products.

Its high standards are recognized in the automobile, heavy construction machinery and other industries.

Having developed technology for both parts and assemblies through ceaseless R&D efforts with the latest equipment, SBIC is now beginning a full-scale expansion into the world market.

Into the 21st century with high-quality products, Sungbo is ready to go!

Growth of Company

- 2004** Awarded a gold medal for excellent Technical development
- 2003** Established SBIC Europe. Awarded for 20 million dollars Export
Awarded for the order of Industrial peace
- 2002** Established SBIC China
- 2001** Established sales branch in Tokyo, Japan. Established SBIC America, joint Venture
- 2000** Awarded for 10million Dollars export
- 2000** Established Tokyo office in Japan
- 1999** Certified QS 9000 by TUV in Germany
- 1998** Certified ISO 9002 by TUV in Germany
- 1994** 2nd Plant of Foundry Division established in Dohwa-Dong, Incheon
- 1988** Institute of technology established
- 1987** Machinery Division moved to new Banwol plant in Ansan city
- 1983** Incorporated as Sungbo Industrial Co., Ltd.
- 1982** Started to produce steel castings
- 1981** Expanded and moved to Kajwa-Dong, Incheon
- 1975** Founded in Seoul with production of machinery parts

Activities in Manufacturing Fields

From Cast and Forged materials to sophisticated Assembling through heat treatment and precision machining, SBIC is fully equipped with specialized facilities to cover all the processes in the Machinery Industry field.

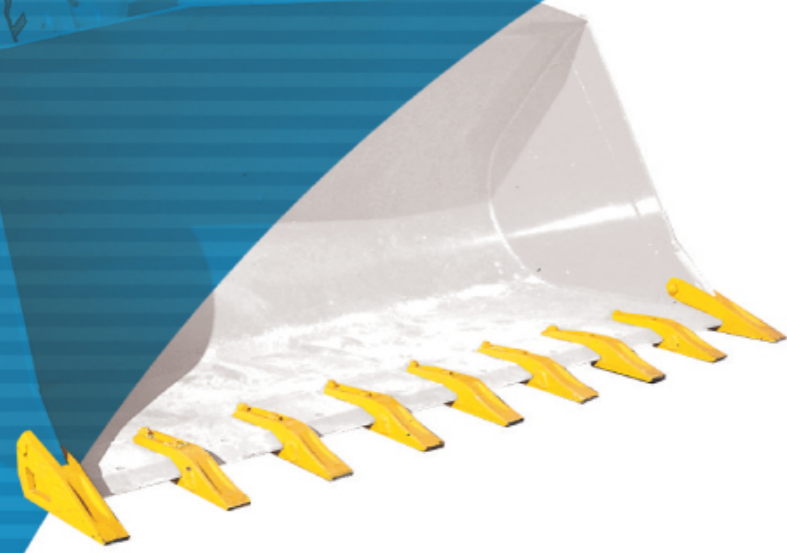

Foundry Division

- **Steel Castings**
- **Heat Treatment**
 - Ground Engaging Tools
 - Earthmoving Wear Parts
 - Sprocket Wheels & Rims
 - Idlers
 - Swamp Shoes
 - Other Wear and Impact Resistant Materials

Machinery Division

- **Precision Machining**
- **Assembling**
 - Reduction Gear Assemblies
 - Engine Components
 - Transmission Parts
 - Knuckle & Other Automobile Parts
 - Reduction Gear Assemblies

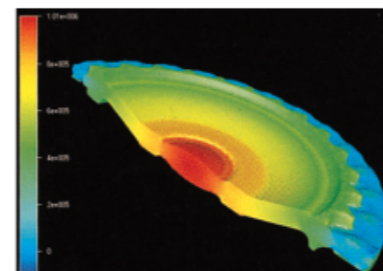

Foundry Division

The parts used in heavy construction machinery require durability to withstand shock loads, motion and abrasion. Sungbo competes with an iron will to give maximum strength and reliability.

CAD

Simulation of cooling pattern

Automatic Molding Line

Induction Hardening facility for Sprockets

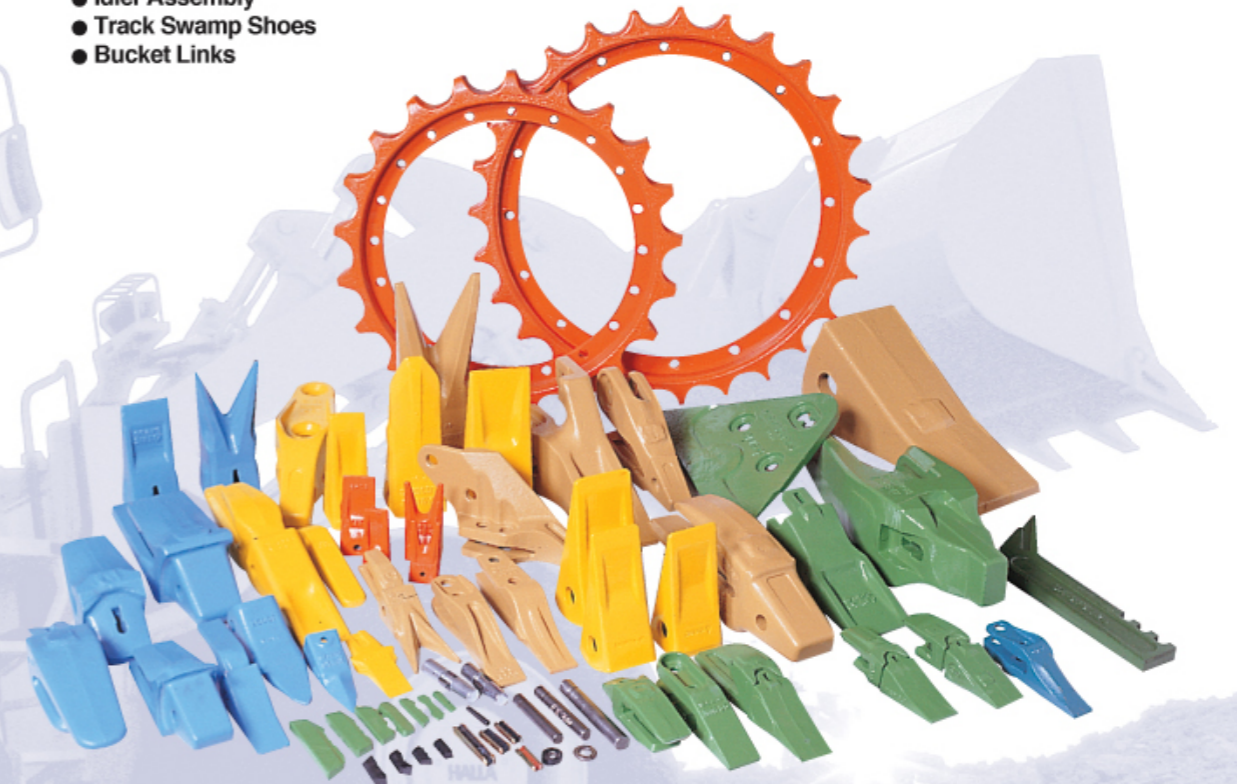

Chemical analysis by Spectrometer

Competing with an iron will

SBIC manufacture over 2,000 kinds of Ground Engaging Tools & Sprockets every month covering almost all the machines in the world comprehensive Caterpillar and Komatsu style etc and supply them to more than 100 customers including world wide famous Original Equipment Manufacturers.

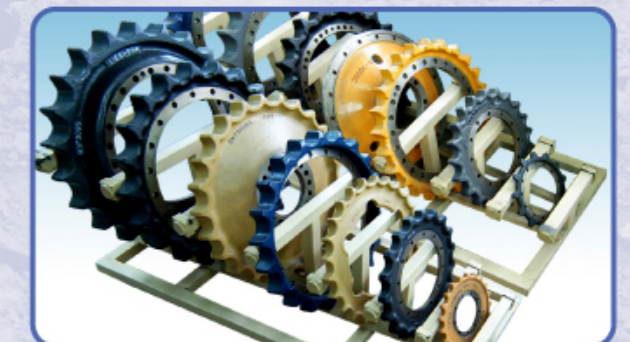

- Ground Engaging Tools
- Sprocket Wheel & Rim
- Idler Assembly
- Track Swamp Shoes
- Bucket Links

*All manufacturer's names, numbers, symbols and descriptions are used for reference purposes only and it is not implied that any part listed is the product of these manufacturers.

Teeth, Adapters & Side Cutters(CAST)

Sprocket Wheels

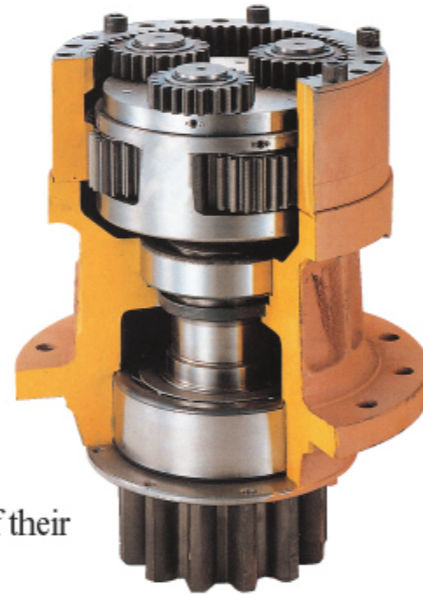

Shroud

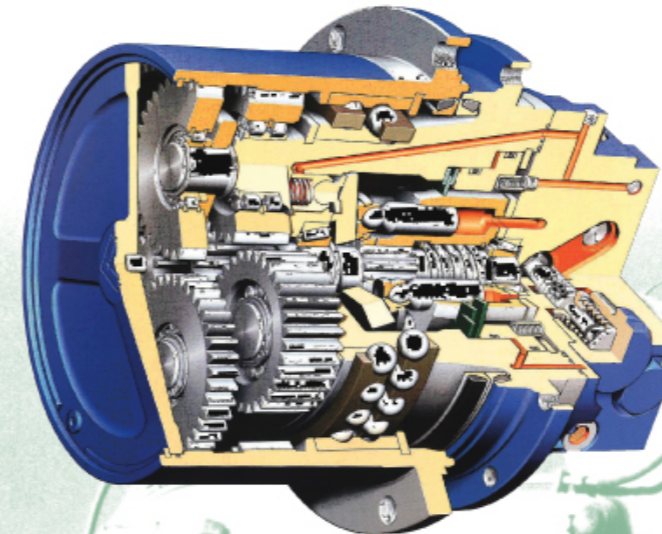

Bucket Link

Machinery Division

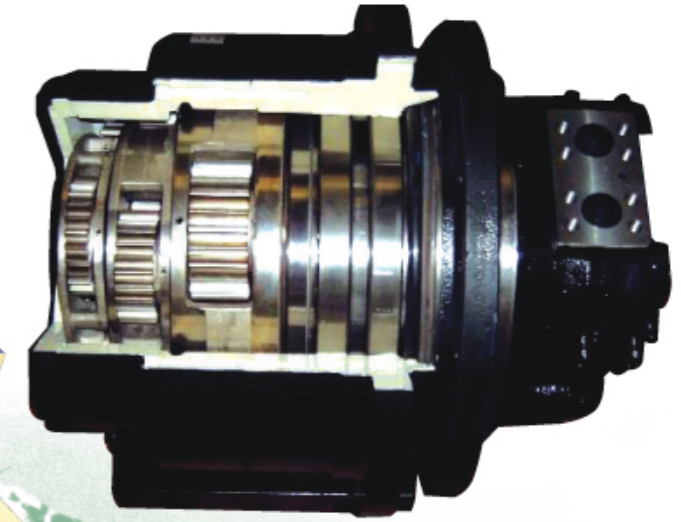

Our machine parts beat the competition with the reliability of their materials and the precision of their manufacture. SBIC pursues perfection in precision parts by constantly developing its manufacturing technology.

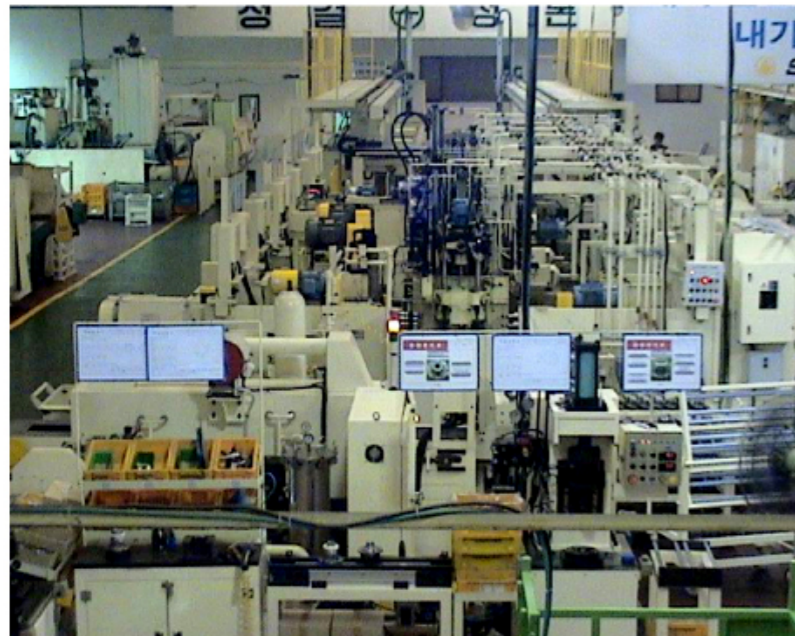

Zero-defect precision

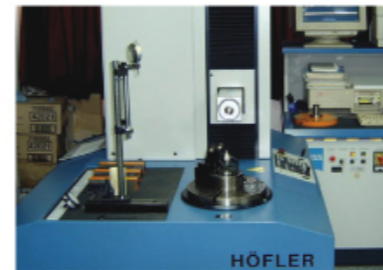

Basic Design

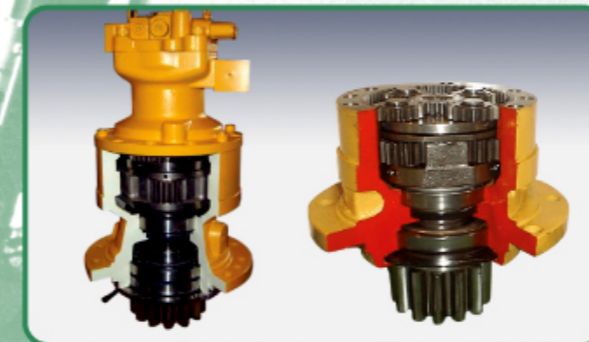

Traveling Reduction Gear Assembly

3Demension Tester

Gear Tester

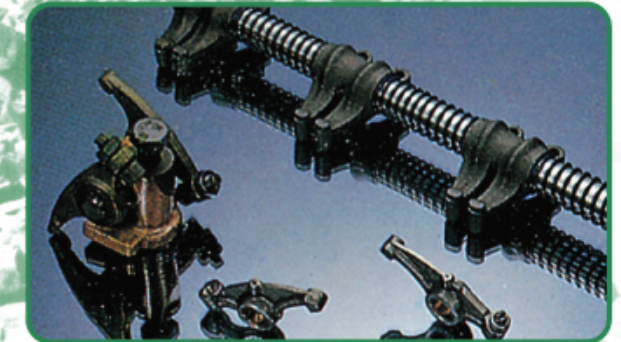

Swing Reduction Gear

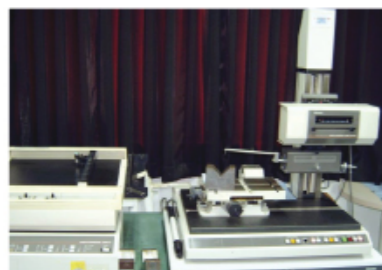

Differential Assembly Gear

EngineTappets

Rocker Arms & Shaft Assembly

Profile Tester

Macrostructural Examination

Measuring of Gear Pitch

*We are ready right now!
Our customers are our partners.*

On the basis of its combined technology of parts assembly achieved through more than twenty years of experience in manufacturing machinery, casting and forging high quality steel, the up and coming SBIC wish to grow in full partnership with your company, just as its parts combine perfectly with your company and machines. See for yourself the high quality of SBIC people and their products!

Plants

1st Plant of Foundry Division (Kajwa-Plant)
570-7, Kajwa-Dong, Seo-Ku, Incheon 404-250, Korea
Tel : (032) 571-0666 Fax : (032) 571-0660

2nd Plant of Foundry Division (Dohwa-Plant)
707, Dohwa-Dong, Nam-Ku, Incheon 402-060, Korea
Tel : (032) 874-7200 Fax : (032) 866-8140

Machinery Division
637-10, Sungkok-Dong, Ansan City 425-040, Korea
Tel : (031) 491-3461 Fax : (031) 491-3460

SBIC(SHAN DONG) CO., LTD.
Shenquan Industrial Park(East Area),
New Hi-Tech Industrial Development Zone, Shandong, China.
Tel : 86-535-689-5500 Fax : 86-535-689-5599

Organization

• Institute of Technology
